All Previous Records of a Single Day's
Trading Shattered by the Performance—Louisville and Nashville Road
Passes Under the Control of J. P.
Morgan & Co., Who Are Acting as
Arbiters.

New York, April 16.—Wall street passed through one of its most exciting and sensational periods during the day. The Louisville and Nashville situation, which had hung menacingly over the district for a week or more, was cleared by the undisputed statement that John W. Gates and his associates had wrested control of the property from the Belmont party and were in absolute possession. Accompanying this statement, which had been discounted the day before, was one that the Gates faction had selected J. P. Morgan & Co. to settle the differences between the contending interests.

While these events were happening a movement without a parallel in the history of the Stock Exchange was on in Southern Railway. Trading in Southern Railway common set in on a tremendous scale and at one time interest centered almost entirely in that stock.

It became evident before the opening of the market that a settlement would be reached. At the office of J. P. Morgan & Co. a series of conferences began before 10 o'clock. Those present during the morning were George W. Perkins and William Piereson Hamilton, representing the Morgan interests; August Belmont, Samuel Spencer, president of the Southern railway; Edwin Hawley, president of the Iowa Central and the Minneapolis and St. Louis roads; John Gates, Talbot J. Taylor, head of the brokerage firm of that name, and Francis Lynde Stetson, one of Mr. Morgan's attorneys. This conference broke up shortly before 11 o'clock. Mr. Gates was among the first to leave and it soon became known that he would issue a statement telling of a

Peaceful Solution of the Situation.

Shortly before noon the appended announcement was given out by the brokerage firm of Harris, Gates & Co., in which John W. Gates is a special partner:

"We have bought a large amount of stock of the Louisville and Nashville road. We did not buy it for speculation, but for investment, believing absolutely in the present and future value of the property. There will not be any 'corner' in the stock. We have placed the entire matter in the hands of J. P. Morgan & Co. and request them to act as arbiters in the situation because of the prominence of the property and the desire not to disturb in any way the general market condition, and because we know that they (Morgan & Co.) have no interest whatever in the property or in recent purchases."

This statement was later changed so that it read: "We have bought

control," etc. The correction was made by John F. Harris, who had just paid a second visit to the Morgan banking house.

Throughout the day operations in Southern Railway shares continued on an enormous scale. The demand was extraordinary almost from the outset. The common stock advanced 3% and the preferred 3½ points. Blocks of 5,000 and 10,000 shares were common, and there was one "string" of 30,000 shares and another of 37,000 while the trading was at its height. Much of the early buying was attributed to Morgan influence, but it soon became clear that the Gates clique as well as room traders generally were taking a hand in the game.

All Previous Records Broken.

In the first half hour fully 200,000 shares of Southern Railway common changed hands. By the end of the first hour transactions in this stock alone reached a total of over 350,000 shares. By noon considerably more than 500,000 shares had changed hands.

Dealings fell off after that to some extent, but the records for the number of shares of a single stock sold in one hour, in two hours and in one day's trading were all shattered as a result of Southern Railway's performance. The total sales for the day reached \$61,500 shares. The total outstanding stock of the company is 1,200,000 shares.

On April 24, 1901, there were 662,800 shares of Northern Pacific sold on the New York Stock Exchange during the struggle between the Morgan and Harriman interests which culminated in the May panic. That record was broken during the day.

There were complaints that no order for less than 1,000 shares could be executed. The stock sold after the opening at 34½. There were numerous fluctuations before it advanced to 40½. About this same time there was marked strength in Illinois Central and Chicago, Indianapolis and Louisville (Monon) based, presumably, on the belief that these roads would benefit in some way by the selection of Morgan and Co. as arbiters of the situation.

The wildest rumors and reports were circulated to account for the record breaking activity of Southern Railway common. Veteran brokers failed to understand why Morgan interests should want to increase their holdings in this stock. Later, when it was seen that the Gates crowd and speculators generally were buying in Southern common the movement partook of a

Purely Speculative Character.

and, although the stock continued phenomenally active throughout, heavy profit taking sent it below the high level. In spite of numerous attempts to rally, the price fell off to 37½ and the closing was 37½, a net gain for the day of 3%.

Louisville and Nashville shares advanced at the opening, but fell off almost as soon as the "bulge" in Southern Railway came. Transactions in Louisville and Nashville aggregated about 58,000 shares, the stock closing at 127, a net loss for the day of one point.

Fully two score brokers were active in the buying and selling of Southern Railway common. About half the room traders and "free lances" took a hand in the game at one time or another. Harris, Gates & Co. were reported to have bought and sold 250,000 shares in the course of the day.

That the Southern Railway company will have considerable to say as to the future of the Louisville and Nashville became the conviction of most Wall street men before the close of the day. President Spencer, when asked as to the future relations of Southern and Louisville and Nashville, made this statement:

"The Southern railway had no interest in the purchase and it will have

no interest in it at any time in the future. Louisville and Nashville will not pass to the Southern railway."

No definite announcement as to what disposition Morgan & Co. may make of Louisville and Nashville is looked for until the pending legal entanglements growing out of the Great Northern-Northern Pacific merger are settled. Should the Southern railway acquire a majority interest in the Louisville and Nashville, it is assumed that the Illinois Central railroad, which parallels Louisville and Nashville territory and is dominated by Harriman interests, will receive some very material concessions. That the Illinois Central desires a majority interest in the Louisville and Nashville is not generally believed.

DR. TALMAGE'S FUNERAL.

Services Held at the Church of the Covenant, Washington.

Washington, April 16.—Funeral services were held at the Church of the Covenant over the body of Rev. T. Dewitt Talmage. The large church was crowded to the doors. The funeral service began at 5 o'clock and occupied considerably over an hour. The Rev. Dr. Tunis S. Hanlon, pastor of the church, and the Reverend Doctors Thomas Chalmers Eason of this city, S. J. Nichols of St. Louis and James Demarest of Brooklyn officiated. The casket rested immediately in front of the pulpit and over it was a massive bed of violets. The floral offerings were numerous, mostly of lilies of the valley and white roses, including a wreath sent from the White House by President and Mrs. Roosevelt. The casket remained in the church until late in the evening, when it was placed on a special car attached to the Pennsylvania railway train, leaving here for New York at 12:30 a. m. The remains will be interred at Greenwood cemetery in Brooklyn, after services conducted by the Rev. Dr. Howard Suydam of Rheinbeck, N. Y.

FOUR PERSONS PERISH.

Mysterious Deaths From Asphyxiation in New York.

New York, April 16.—Four persons were found dead in the living apartments of Esther Kohen, a widow living on Third avenue. They had been killed by inhaling gas, and so far the police have given no opinion as to whether or not the deaths were the result of accident. The names of the dead are: Esther Kohen, aged 50; Henry Kohen, her son, aged 23; Lena Kohen, her daughter, aged 17; Edith Flow, a friend of the Kohens, aged 16.

The tragedy evidently occurred during the night for the Kohens and their visitor had not been seen all day. Henry was in the bicycle business and did not come to the store all day. A partner of his went to the apartments and was told that an odor of gas had been coming from the apartments all day. The door was broken open and the four found dead in the room. All the windows, doors and fanlights had been tightly closed. Two unlighted gas jets had been turned on in the parlor where Henry lay.

Presbyterian Committee Agrees Upon Three More Articles.

Washington, April 16.—The work of the committee which is preparing a revision of the Presbyterian creed progressed rapidly during the day. Three articles of the brief statement of doctrine were agreed upon, namely: Those relating to the holy spirit; justification, faith and repentance, and the new birth. Twelve articles are now completed, leaving half a dozen or less to be formulated. The committee expects to finish its work by Thursday or Friday. In the afternoon the members attended the funeral of Rev. Dr. Talmage.

DECLINES TO YIELD

BELGIAN GOVERNMENT STANDS FIRM ON THE QUESTION OF SUFFRAGE REVISION.

MANIFESTO IS PRESENTED

Liberal Members Demand Dissolution of the Chamber of Deputies in Order to Allow the Country to Pronounce on the Question—Socialist Members Will Present a Demand for Universal Suffrage.

Brussels, April 16.—The government has firmly declined to yield on the question of revision, and, unless King Leopold should override the ministry, there seems to be nothing to prevent the development of a serious situation.

In the chamber of deputies M. Neujean presented a manifesto on behalf of the Liberal members of the Leftists, demanding dissolution in order to enable the country to pronounce on the revision question. This manifesto pointed out that the time was critical and the country threatened with civil war, and the government's consent to a loyal and constitutional settlement could not be represented as a surrender to popular disorder.

To this challenge the premier, M. Le Smet de Nayer, replied briefly by declaring that the right of dissolution rested with the king. He added that he felt it his duty to warn parliament against the rumors of government concessions. M. Janson, the Liberal leader, retorted that the chamber could by a motion call upon the king to change the ministry. He said there was no sign of conciliation in the premier's reply to M. Neujean, and that responsibility for the consequences would rest on the government.

At this point M. Woest, a Catholic deputy, who, although not a minister, is a powerful adherent to the government, jumped up and exclaimed: "There is no civil war, but only evilly disposed men. You demand our resignation, but you shall not have it."

The president then declared the incident closed and the house rose.

Demand Universal Suffrage. The Socialist members of the chamber will present their demand for universal suffrage. They will inevitably be defeated, and it is feared that this defeat will lead to trouble, particularly in the provinces.

No noteworthy incident occurred in the streets of the city. The authorities have taken extraordinary measures to avert disorders and the whole quarter, comprising the chamber of deputies, the palace and the ministries, is kept in complete isolation from the rest of the city by cordons of the civic guard.

The Socialists are pleased with the Liberal manifesto presented to the chamber, as it supports their demands. The strike movement in Brussels and its environs is of a minor character, but in the industrial districts it is more formidable than ever.

The appeal of the Socialist leaders for a demonstration at the chamber of deputies has created some uneasiness. A number of shopkeepers have barricaded their windows. It is rumored that the cab drivers and the tramway men will strike.

From Renalx, in Flanders, some dynamite outrages have been reported and an attempt was made to set fire to a chateau belonging to M. Malandier, a former deputy. But powere was any serious damage done. Several arrests have been made in Brussels and in the provinces as a result of collisions with the police.

PRISONER CREMATED.

Eveleth (Minn.) Jail Burned—Railway Station Wrecked by Burglars.

Eveleth, Minn., April 16.—At 10 p. m. the city jail was partially destroyed by fire and one prisoner was burned to death, being locked in the jail, a frame building. The fire originated in some unaccountable manner on the inside of the building and the inmate's cries for help were heard for some time before the fire was discovered. He was a Finnish miner and was intoxicated. He had only just been placed in the jail by the Fayal constable.

About 4 a. m. burglars made an attempt to enter the safe in the station of the Duluth, Missabe and Northern railroad. They introduced a charge of nitroglycerin in the safe and a few minutes later there was a report that woke up the entire town and shattered windows in houses for blocks around. When the crowd got there the station lay in ruins, and the debris had caught fire from the stove. The flames were extinguished, and then an unsuccessful search was made for the safe. It was too big to carry away and it is thought it must have been blown into pieces too small to be located. No trace whatever could be found of the burglars, and it is not known whether they shared the fate of the safe or made their escape.

Anaconda Copper Dividend.

New York, April 16.—The directors of the Anaconda Copper Mining company have declared a dividend of 50 cents per share, payable May 15. The last previous dividend declared by the company was \$1.25 per share.

Columbus, O., April 16.—The senate passed the bill licensing the practice of osteopathy in Ohio and it is now a law. The new law provides for a special examination of osteopaths by the state medical board which will not require an exhaustive knowledge of medicine or surgery. The law has the approval of both osteopaths and regular physicians.

Vienna, April 16.—A dispatch to The Volksblatt from Belgrade declares that 17 persons have been drowned by the capsizing of a ferryboat near Orsova, on the Danube.

The Matter will be Taken Up By the Board and Acted Upon at Once.

J. N. Waldrop, the real estate man, has made a proposition to the Brainerd Base Ball Association that in all probability will be taken up.

He owns a piece of property just south of Laurel street near the bridge across the Mississippi, and he has made some overtures which means that Brainerd will surely have a base ball park near town with all modern conveniences.

DECLINES TO YIELD

BELGIAN GOVERNMENT STANDS FIRM ON THE QUESTION OF SUFFRAGE REVISION.

MANIFESTO IS PRESENTED

Liberal Members Demand Dissolution of the Chamber of Deputies in Order to Allow the Country to Pronounce on the Question—Socialist Members Will Present a Demand for Universal Suffrage.

Brussels, April 16.—The government has firmly declined to yield on the question of revision, and, unless King Leopold should override the ministry, there seems to be nothing to prevent the development of a serious situation.

In the chamber of deputies M. Neujean presented a manifesto on behalf of the Liberal members of the Leftists, demanding dissolution in order to enable the country to pronounce on the revision question. This manifesto pointed out that the time was critical and the country threatened with civil war, and the government's consent to a loyal and constitutional settlement could not be represented as a surrender to popular disorder.

To this challenge the premier, M. Le Smet de Nayer, replied briefly by declaring that the right of dissolution rested with the king. He added that he felt it his duty to warn parliament against the rumors of government concessions. M. Janson, the Liberal leader, retorted that the chamber could by a motion call upon the king to change the ministry. He said there was no sign of constitution in the premier's reply to M. Neujean, and that responsibility for the consequences would rest on the government.

At this point M. Woest, a Catholic deputy, who, although not a minister, is a powerful adherent to the government, jumped up and exclaimed: "There is no civil war, but only evilly disposed men. You demand our resignation, but you shall not have it."

Some little apprehension was felt
yesterday afternoon over the condi-
tion of C. H. Kylo, who went down
with the members of Brainerd Lodge,
B. P. O. E., to assist in the institu-
tion of a lodge in that city. Mr. Kylo
to add to the "attractiveness" of the
delegation took a goat down. Mr.
Goat got frisky in the parade and
Mr. Kylo somehow got tangled up in
the chain attached to his goatship
and he was thrown violently to the
ground. His shoulder was quite badly
wrenched and it will be lame for
some time. He is feeling much better
today.

RETURN FROM LITTLE FALLS.

The Members of the Local order of Elks
Return from their Trip to that
City.

The members of Brainerd Lodge,
No. 615, B. P. O. E., who went to
Little Falls yesterday afternoon to
assist in the institution of a lodge in
that city, returned to Brainerd this
morning at about 3 o'clock, a weary
but happy crowd. Little Falls was
in gala attire and it was a great day
for that city. There were delegations
present from Minneapolis, St. Paul,
St. Cloud and Brainerd and the purple
and white was in evidence every-
where.

The Brainerd contingent was the
last to arrive of the different dele-
gations. They were met at the train
by the committee and a band and
marched up town and through the
prominent streets of the city, finally
winding up at the Gross opera house.
Landlord Snow, of the Buckman,
opened the exercises at the opera
house by introducing a Miss Barker
who read a poem, making the event
the theme.

Mayor Vassley was then introduc-
ed and he gave the welcome address
in a manner most pleasing. His flow
of eloquence marked the opening of
the festivities of the day when Little
Falls lodge, No. 770, was to become
a part of the one great whole. Dis-
trict Deputy Schusler, of St. Paul,
gave the response in a few well
chosen words. The key was then
presented to the visitors after which
Attorney Hall gave an eloquent talk
which was greatly appreciated by all.

The work of instituting the new
lodge began in the afternoon and
many of the visitors were conse-
quently kept busy while others took
in the "sights".

The visiting brothers took supper
at the Buckman and the work was
on in earnest at the hall at 8 o'clock.
The Brainerd team did the work and
Exalted Ruler Sanborn, of this city,
presided over the deliberations. The
team put through three candidates

at a time and the thirty or more no-
vices who were allowed the privilege
of the hall without taking the prelim-
inary obligations saw a show that
will not soon be forgotten. The
work was fast and furious. The St.
Cloud orchestra, headed by the gen-
eral Prof. Gans, furnished excellent
music for the occasion. The work of
giving the obligation, installing the
officers etc., followed in rapid suc-
cession.

The Brainerd contingent was ac-
companied by the Brainerd Marine
band and it is due these young gen-
tlemen to say that they acquitted
themselves most creditably. Their
playing surprised even their friends
from Brainerd and they received
many complimentary remarks from
all sides.

TARGET SEASON IN NOW OPEN

Members of Company F Have
Fixed Up the Ranges---
Get out Once a Week.

THEY HAVE BEEN OUT ONCE

The Practice Which will be Held
will be Official---Records
Will Be Kept.

Capt. Nelson, of Company F, has
made all arrangements for the target
season which has already opened up,
but which on account of the rather
unfavorable condition of the weather
has not awakened the enthusiasm
necessary yet. The boys did get
out for a short time last Sunday and
some good scores were made, one
man making exceptionally good
scores.

The ranges have all been put in
shape and the year will in all
probability be a successful one. Capt.
Nelson expects that the Kraag-Jorge-
son rifles will arrive in a few weeks
and they will be used almost entire-
ly in the practice shoots. The in-
structions have been received by the
officers of the company and it is
thought that the arms will naturally
be sent at once.

their hearty co-operation.

MUSIC AND DRAMA.

MC EWEN MAKES HIT.

There was a good audience at the
Brainerd Opera House last night
when Prof. McEwen again appeared
in his amusing and interesting
entertainment in hypnotism. The
feature of last night's entertainment
was the waking of the subject which
was put to sleep yesterday at 12:30
o'clock. The subject was awakened
at 9 o'clock. The audience through-
out the hypnotic demonstrations was
kept in an uproar of laughter and
the class was entirely new last night.

Tonight the professor will delight
his audience with mind-reading,
which will be a feature that he has
not attempted thus far this season.

Mr. E. N. Smith, the cornet player,
who is with the professor, has created
quite a furor among the music loving
people of the city. He does not blow
a cornet like other players, but pro-
duces soft vox humana tones which
leaves no impression of the brass,
and sounds as plaintive as a wailing
reed instrument, and when the music
demands it, as chirpy as a piccolo and
as sweet as the lower scale on a flute.
Combined with his marvellous ability
in tone production Mr. Smith
possesses a facility in technique and
a rare musical genius, which, when
he plays a simple air like "Last
Rose of Summer," or "Annie
Laurie" never fail to thrill every
fibre of those who are listening to
his notes. It is in such pieces as
these, too, and in sacred songs like
"The Palms" and "Holy City" that
Mr. Smith appeals to the heart, for
his intelligent phrasing almost sug-
gests the words of the song.

One of the most sensational
features of Prof. McEwen's stay in
this city this time will be the drive
which he will make Friday afternoon
at 1 o'clock blindfolded. The drive is
explained elsewhere in this issue on
the first page and everyone who can
should see this event.

"THE ELEVENTH HOUR"

"The Eleventh Hour," a new play in
five acts by the well known play-
wright, Lincoln J. Carter, will be
the next attraction at the Brainerd
Opera House. It is said to be an
exceedingly bright play, full of
comedy, pathos, strong situations
and elegant scenery. It is a play
dealing with life in and around Chi-
cago, and does not depend upon any
mechanical effects for its success.
It was produced in Chicago last
spring and made the most emphatic
"hit" that has ever been made by a
Carter attraction. The cast is
strong which includes that eminent
German dialect comedian, Chas. A.
(Karl) Gardner and the pat-
rons of the opera house can
look forward to a most interesting
event at the opera house on Satur-
day evening.

THE PASSION PLAY.

St. Francis church was crowded
last night when Prof. Walter Kil-
rain's interesting views of the life of
Christ included in the "Passion
Play" were shown. There were
about one hundred views shown and
every movement of the hundreds of
people who take part in that great
drama is easily discerned. It was
an evening pleasantly spent.

The Great Dismal Swamp.

germs cause weakness, chills and

But Electric Bitters never fail to

troubles. They will surely prevent
typhoid. "We tried many remedies

GOAT GOT GAY TOO

C. H. Kylo was Injured by Mr. Billy Goat at Little Falls Yesterday.

Some little apprehension was felt yesterday afternoon over the condition of C. H. Kylo, who went down with the members of Brainerd Lodge, B. P. O. E., to assist in the institution of a lodge in that city. Mr. Kylo had to add to the "attractiveness" of the delegation took a goat down. Mr. Goat got frisky in the parade and Mr. Kylo somehow got tangled up in the chain attached to his goatship and he was thrown violently to the ground. His shoulder was quite badly wrenched and it will be lame for some time. He is feeling much better today.

RETURN FROM LITTLE FALLS.

The Members of the Local order of Elks Return from their Trip to that City.

The members of Brainerd Lodge, No. 615, B. P. O. E., who went to Little Falls yesterday afternoon to assist in the institution of a lodge in that city, returned to Brainerd this morning at about 3 o'clock, a weary but happy crowd. Little Falls was in gala attire and it was a great day for that city. There were delegations present from Minneapolis, St. Paul, St. Cloud and Brainerd and the purple and white was in evidence everywhere.

The Brainerd contingent was the last to arrive of the different delegations. They were met at the train by the committee and a band and marched up town and through the prominent streets of the city, finally winding up at the G. Ross opera house. Landlord Snow, of the Buckman, opened the exercises at the opera house by introducing a Miss Barker who read a poem, making the event the theme.

Mayor Vassley was then introduced and he gave the welcome address in a manner most pleasing. His flow of eloquence marked the opening of the festivities of the day when Little Falls lodge, No. 770, was to become a part of the one great whole. District Deputy Schuster, of St. Paul, gave the response in a few well chosen words. The key was then presented to the visitors after which Attorney Hall gave an eloquent talk which was greatly appreciated by all.

The work of instituting the new lodge began in the afternoon and many of the visitors were consequently kept busy while others took in the "sights".

The visiting brothers took supper at the Buckman and the work was on in earnest at the hall at 8 o'clock. The Brainerd team did the work and Exalted Ruler Sanborn, of this city, presided over the deliberations. The team put through three candidates

THEY HAVE BEEN OUT ONCE

The Practice Which will be Held will be Official--Records Will Be Kept.

Capt. Nelson, of Company F, has made all arrangements for the target season which has already opened up, but which on account of the rather unfavorable condition of the weather has not awakened the enthusiasm necessary yet. The boys did get out for a short time last Sunday and some good scores were made, one man making exceptionally good scores.

The ranges have all been put in shape and the year will in all probability be a successful one. Capt. Nelson expects that the Kraag-Jorgeson rifles will arrive in a few weeks and they will be used almost entirely in the practice shoots. The instructions have been received by the officers of the company and it is thought that the arms will naturally be sent at once.

at a time and the thirty or more novices who were allowed the privilege of the hall without taking the preliminary obligations saw a show that will not soon be forgotten. The work was fast and furious. The St. Cloud orchestra, headed by the genial Prof. Gans, furnished excellent music for the occasion. The work of giving the obligation, installing the officers etc., followed in rapid succession.

The Brainerd contingent was accompanied by the Brainerd Marine band and it is due these young gentlemen to say that they acquitted themselves most creditably. Their playing surprised even their friends from Brainerd and they received many complimentary remarks from all sides.

Chicago is one of the wonders of the Twentieth century. No city in the history of the world has had an equal growth or greater development in a corresponding length of time. It is the world's greatest railroad center, and its manufacturing interests are being multiplied each year. About 3,000 railroad passenger trains arrive at and depart from Chicago every twenty-four hours—some of them marvels of solid splendor. A writer in an Eastern journal recently, dwelling upon the subject of Chicago and its railroads, singles out the Chicago, Milwaukee & St. Paul as the greatest of our Western lines and its St. Paul-Chicago Pioneer Limited trains as without doubt "the famous train of the world."

COURTMARTIAL SMITH

AMERICAN GENERAL IN THE PHILIPPINES MAY HAVE MILITARY TRIAL.

RESULT OF WALLER CASE

Secretary Root Cables General Chaffee to Investigate Newspaper Reports and if Found Correct to Order a Courtmartial—Charged That General Smith Ordered Indiscriminate Killing of Natives.

Washington, April 16.—Secretary Root has cabled General Chaffee at Manila to investigate the newspaper reports of the Waller trial, and, if they are correct, to courtmartial General Smith. Also if the facts are established as testified before the senate Philippine committee to courtmartial the officers who administered the "water cure" to the president of Igbarras. These officers are Major Glenn, Lieutenant Conger and Assistant Surgeon Lyon.

Press dispatches state that upon the trial of Major Waller of the marine corps testimony was given by Waller, corroborated by other witnesses, that General Jacob H. Smith instructed him to kill and burn; that the more he killed and burned the better pleased General Smith would be; that it was no time to take prisoners, and that when Major Waller asked General Smith to define the age limit for killing, he replied: "Everything over 10."

Before the senate committee on Philippine affairs, Sergeant Charles Riley and Private William Lewis Smith of the Twenty-sixth volunteer infantry testified that the form of torture known as

"The Water Cure" was administered to the president of the town of Igbarras, Iloilo province, island of Panay, by a detachment of the Eighteenth United States Infantry, under command of Lieutenant Arthur L. Conger, under orders of Major Edwin F. Glenn, then a captain of the Twenty-fifth infantry, and that Captain and Assistant Surgeon Palmer Lyon, at that time a contract surgeon, was present to assist them. The officers named, or such of them as are found to be responsible for the act will be tried therefor by courtmartial. Conger and Lyon are in this country. Both the Twenty-sixth volunteer infantry and Eighteenth infantry having returned to the United States and most of the witnesses being presumptively here, the secretary of war directs that Major E. F. Glenn, Twenty-fifth infantry, be directed to proceed to San Francisco and report to the general commanding the department of California with a view to his trial by courtmartial under charges alleging the cruelties practiced by him upon a native of the Philippine islands at Igbarras on the 27th of June, 1900. As the two years allowed for the prosecution by the statute of limitations is nearly at an end.

No Time Is to Be Lost.

It is believed that the violations of law and humanity, of which these cases, if true, are examples, will prove to be few and occasional and not to characterize the conduct of the army generally in the Philippines, but the fact that any such acts of cruelty and barbarity appear to have been done indicates the necessity of a most thorough searching and exhaustive investigation of the general charges preferred, and no effort will be spared in the investigation already ordered under these charges to uncover every such case which may have occurred and bring the offenders to justice.

The president desires to know in the fullest and most circumstantial manner, all the facts, nothing being concealed, and no man being for any reason favored or shielded. For the very reason that the president intends to back up the army in the heartiest fashion in every lawful and legitimate method of doing its work, he also intends to see that the most rigorous care is exercised to detect and prevent any cruelty or brutality and that men who are guilty thereof are punished. Great as the provocation has been in dealing with foes who habitually resort to treachery, murder and torture against our men, nothing can justify or will be held to justify the use of torture or inhuman conduct of any kind on the part of the American army.

RAISE THE BOYCOTT.

Kansas City Stock Yards Difficulty Is Compromised.

Kansas City, April 15.—The boycott against the Kansas City Stock Yards company, begun last Friday by the Live Stock Exchange, has been raised, both sides agreeing to a compromise submitted by the local packers. The stock yards company modified the objectionable order and the live stock commission men agree to the yards company demands that they give clean papers showing the ownership of the stock. The stock yards company had talked of securing an injunction to force the withdrawal of the boycott. The request of the commission men to their customers to ship to other markets during the difficulty caused no particular difference in the receipts of this market.

House Leaders Believe Cuban Reciprocity Bill Will Pass.

Washington, April 16.—With the close of the Cuban reciprocity debate in the house the leaders announced that all danger of the bill being weighted down with undesirable amendments was over and they felt assured the bill would pass in the shape in which it came from the committee. As the bill in its present form is bound to command three-fourths of the vote of each side of the house, its passage was certain if it successfully passed the stage when amendments could be offered. The only cause of anxiety heretofore has been the possibility that enough Republicans would join with the Democrats to overrule the chair and tack onto the bill an amendment to abolish the differentials on refined sugar. All the energies of the leaders have been directed, therefore, to bringing pressure to bear on the recalcitrant Republicans to induce them to refrain from aiding this plan, and at the close of the session of the house it was announced that the entire delegations from Michigan and California, who constitute the head and front of the opposition, had agreed not to vote to overrule the ruling of the chair. Mr. Watson (Ind.), also acting as whip for the majority, does not believe over a dozen Republicans at the outside will join the Democrats on this proposition. It would require more than 20 Republican votes to place on the bill the amendment which might endanger its ultimate passage, as several Democrats, it is understood, also have declared their intention to stand by the ruling of the chair.

An unusual effort was made by Mr. Payne to secure an agreement to limit the general debate. When the house adjourned there remained 35 members who desire to speak.

ADOPTS TWO AMENDMENTS.

Debate on Chinese Exclusion Bill Ends in the Senate.

Washington, April 16.—The debate on the Chinese exclusion bill was practically concluded and voting on the bill and amendments will begin at 1 p. m. By general consent a vote was taken on two important amendments offered by Mr. Fairbanks of Indiana, striking out the definition as to Chinese teachers and students and they were agreed to without division. These changes were made with a view to conciliating some of the opposition to the bill, which had been directed to the rigid exclusion of students and teachers and the unnecessary inconvenience this would impose on the educated Chinese classes coming to this country. The debate was participated in by Senators Heitfield of Idaho, Penrose of Pennsylvania and Turner of Washington, in favor of the bill, and Senators Pritchard of North Carolina and Spooner of Wisconsin in opposition.

Mr. Turner made the assertion that politics had crept into the bill and most of the members of the majority were opposed to the bill. This brought a sharp rejoinder from Mr. Spooner, who maintained that politics had not figured in the discussion and that the opposition to the present bill was due entirely to its conflict with the treaty and not because of any opposition to Chinese exclusion, which was an established doctrine of the government.

A fine of \$25, however, for contempt of court in not appearing to answer summons was allowed to stand. Fifteen hundred Federation of Labor workmen paraded through the San Juan streets. They stopped at the palace and saw Governor Hunt, who said a few words to them. Iglesias is now at Ponce, where he has organized several unions. There was a parade at Ponce when the news of the decision reached that place.

DEED OF A STUDENT.

Russian Minister of the Interior Is Assassinated.

St. Petersburg, April 16.—M. Siplaguine, minister of the interior, was assassinated by a student while on his way to attend a meeting of the committee of ministers. He had just entered the office of the imperial council when the assassin, who had driven up in a carriage, approached and handed him a folded paper, saying he had been charged to deliver it by the Grand Duke Sergius. The minister stretched out his hand to take the document, when the assassin fired five shots at him. Three of the bullets struck M. Siplaguine and one wounded his servant. The assassin did not resist arrest. He said his name was Baisahanst, that he was a student at Kieff, where he had been sentenced to compulsory military service for participating in the riots of 1901. He said he had subsequently been pardoned, but he had not been reinstated at the university and that he therefore revenged himself upon M. Siplaguine.

The minister was taken to the hospital where he died in one hour.

M. Siplaguine belonged to a distinguished Russian family. He was a reactionary in politics and incurred the enmity of the students by upholding the views of M. Pobedonosteff, the chief procurator of the holy synod and by supporting the most severe measures for the repression of all liberal tendencies.

A previous attempt was made to shoot him about a year ago.

COURTMARTIAL SMITH

AMERICAN GENERAL IN THE PHILIPPINES MAY HAVE MILITARY TRIAL.

RESULT OF WALLER CASE

Secretary Root Cables General Chaffee to Investigate Newspaper Reports and if Found Correct to Order a Courtmartial--Charged That General Smith Ordered Indiscriminate Killing of Natives.

Washington, April 16.—Secretary Root has cabled General Chaffee at Manila to investigate the newspaper reports of the Waller trial, and, if they are correct, to courtmartial General Smith. Also if the facts are established as testified before the senate Philippine committee to courtmartial the officers who administered the "water cure" to the presidente of Igbarras. These officers are Major Glenn, Lieutenant Conger and Assistant Surgeon Lyon.

Press dispatches state that upon the trial of Major Waller of the marine corps testimony was given by Waller, corroborated by other witnesses, that General Jacob H. Smith instructed him to kill and burn; that the more he killed and burned the better pleased General Smith would be; that it was no time to take prisoners, and that when Major Waller asked General Smith to define the age limit for killing, he replied: "Everything over 10."

Before the senate committee on Philippine affairs, Sergeant Charles Riley and Private William Lewis Smith of the Twenty-sixth volunteer infantry testified that the form of torture known as

"The Water Cure"

was administered to the presidente of the town of Igbarras, Iloilo province, island of Panay, by a detachment of the Eighteenth United States Infantry, under command of Lieutenant Arthur L. Conger, under orders of Major Edwin F. Glenn, then a captain of the Twenty-fifth infantry, and that Captain and Assistant Surgeon Palmer Lyon, at that time a contract surgeon, was present to assist them. The officers named, or such of them as are found to be responsible for the act will be tried therefor by courtmartial. Conger and Lyon are in this country. Both the Twenty-sixth volunteer infantry and Eighteenth infantry having returned to the United States and most of the witnesses being presumptively here, the secretary of war directs that Major E. F.
